Hi Joanne,

Here are changes in redline to the "Other Chapters" document you provided last night. I should know by 3:30pm whether there will be any other changes. I will confirm after 3:30pm, but per our call this morning please plan to merge these edits with your most recent version, and upload a "metadata ready" version of the complete RtC document to the docket tomorrow. There have been no further edits to the Legal Authority chapter.

Thank you!  
Bennett

Hi Joanne,

Are you available for a short call before 11 so I can get a better understanding of what changes have been made to the document since the versions you uploaded last night, and to make a plan for what work we need for the rest of the day?

Thank you,  
Bennett

We will assume that the 12 noon compiled document will be put off until after we make additional changes to document. Let us know when the document that we uploaded has the changes that you want incorporated into the document we are working on. Thanks Bennett. Joanne.

Hi Joanne,

Thank you so much for this hard work. I've received word of some last minute changes we want to put in today. I do not know how extensive they are. I believe they're on the same version of the "Other Chapters" document you sent me last Wednesday, the 455 version. We could also potentially put them in the version of the document you uploaded last night, if that's easier. Is it possible we could prioritize putting those changes in today? If we can't combine the documents today that's fine. I'll try to get those edits in your hands as quickly as possible.

Thanks,  
Bennett

Good Evening Bennett,

We have uploaded the revised Chapter 1 Legal Chapter (file includes date 20201228\_CLEAN v3.0) and the revised Chapters 2 through 21 (title includes date 20201228\_CLEAN v3.0) to a new folder in *Final RTC Chapters* folder, entitled *December 28 RTC Chapter 1 through 21*. It was incredibly slow trying to do edits. We couldn't have gone faster - adding more than the 4 people would have only made it worse. Apologies. There was alot of cursing at the computer going on.

We will plan on uploading the combined document (Chapters 1 through 21) by noon tomorrow. We will probably be in pens down mode here at 9:30 am in order to be able to combine the two documents.

Regards,

Joanne.

Hi Joanne,

Attached are redline edits on the working RtC documents you sent me Wednesday. **Ex. 5 Deliberative Process (DP)**

## Ex. 5 Deliberative Process (DP)

Do you have a version of these documents where formatting and QA/QC has been complete and, if so, is it possible to merge these edits with that version by 2:30pm? If not, would it be possible to have these edits put into a finally formatted document by noon tomorrow in case OMB needs to see the final RtC document? Let me know if that is unreasonable.

The legal chapter and other chapters can remain separate for now. We can set up a Teams call if we need to discuss further.

Thanks,  
Bennett

Hi Joanne,

Thanks for this work. A heads up that I will be sending you the track changes RtC we've been working on by 11:30am. There are quite a few edits. Do you think it would be possible to merge it with the QA/QC work you've been doing by 2:30pm?

Thanks,  
Bennett

Hey Bennett,

We did an assessment of the subject items.

The following are the results of that assessment. Page numbers provided are based on the Word version sent to EPA last Wed. Sometimes page numbering can vary based on different computer drivers. Let us know if you have issues locating what we are referencing and we will provide more detail.
